

Upcoming Workshops for Staff working in Dementia Care

Best Friends™ Approach Associate Trainer

This comprehensive 14-hour staff training program enables participants to become **Alzheimer Society of Calgary Associate Trainers in the Best Friends™ Approach**.

Associate Trainers teach, support and coach staff within their own community, agencies, or residences.

Associate Trainers will receive:

- interactive and informational training activities;
- a comprehensive training manual (including Associate Trainer Guide, Activities Guide and Supplementary Materials);
- the Best Friends™ Approach for Staff book by Virginia Bell & David Troxel;
- networking opportunities with other Associate Trainers in the community;
- and ongoing support from Dementia Care Training Consultants at the Alzheimer Society of Calgary.

Date: October 5 & 6, 2010

Time: 9:00 am – 4:00 pm

Workshop Fee: \$500

Dementia-Depression-Delirium Workshop

Practical knowledge and skills to enhance quality of life and to respond to changes in behaviour as a result of dementia

Date: November 17, 2010

Time: 9:00 am – 4:00 pm

Workshop Fee: \$100

Supporting Excellence in Dementia Care

The Alzheimer Society of Calgary provides a range of lively, interactive dementia care training programs and workshops for healthcare professionals and other employees in dementia care. Our enthusiastic educators are highly qualified and experienced in dementia care. The Alzheimer Society of Calgary is dedicated to assisting staff as they support and care for those with dementia, their families and friends.
